

What is it about?

This project management workshop is designed for delegates requiring practical application of the PRINCE2 (PProjects IN Controlled Environment) methodology.

PRINCE2 is a best practice project management methodology that provides guidance to individuals and organizations on the essentials of running a project. PRINCE2 can be tailored to all types of projects.

The project management workshop is case study based and provides techniques, tips and real-life practical examples to manage a mid-size project.

What's in it for me?

On completion of the workshop, delegates will be able to execute a mid-sized PRINCE2 project by:

- ✓ Applying the processes, themes and principles
- ✓ Producing project management documentation
- ✓ Tailoring the project for the project environment

PRINCE2® Simulation

Who Should attend?

This project management workshop will benefit all those involved in PRINCE2 projects, including:

Project Managers
General Managers
Programme Managers
Project Office Staff
Team Leaders
Project Team Members
Aspiring Project Managers and Administrators

Do I qualify?

Workshop delegates must have a sound knowledge of the PRINCE2 theory and should ideally have passed the PRINCE2 Foundation examination. Delegates are encouraged to devote at least 10 hours of pre-workshop study to ensure currency of their PRINCE2 theoretical knowledge. Upon successful completion, delegates are encouraged to further pursue formal PRINCE2 Practitioner accreditation and / or Project Management Professional Certification (PMP).

What can I expect?

Through a simulated project life cycle, delegates will Plan, Execute and Close a mid-sized project by applying PRINCE2:

- Processes
- Themes
- Principles
- Tailoring

How and when can I attend?

This is an intensive and interactive four-day workshop. Successful delegates receive a PM Academy certificate. Some evening work may also be required during the workshop.

The project management workshop is delivered with a blend of classroom training interventions and practical syndicate and individual sessions. All our facilitators are accredited by the APMG.

The project management workshop may be delivered at our premises or alternatively we also tailor the workshop to be delivered in-house with adequate attendees.

Delegates receive:

- Workshop notes
- A case study
- PRINCE2 Management Product templates

As frequent reference will be made to the “Managing Successful Projects with PRINCE2” manual, delegates must have a copy of the latest edition.

The project management workshop is delivered with a blend of classroom training interventions and practical syndicate and individual sessions, evening work is also required during the workshop. All our facilitators are accredited by the APMG.

This workshop is delivered on demand for groups of attendees.

Testimonial

“The practical approach of this workshop with embed the knowledge even more.”

About PM Academy

PM Academy was established in 2005 with the strategic vision to provide world class professional project management training, consulting and recruitment to the South African and international markets.

PM Academy has a wealth of experience and we have successfully completed projects, training and recruitment throughout Africa.
